# REANIMATING ZAMOŚĆ SYNAGOGUE: FROM ABANDONED SACRED SITE TO VIBRANT CULTURAL CENTER

presented by

**MONIKA KRAWCZYK**

*CEO, Foundation for the Preservation of Jewish Heritage in Poland*

Zamość Synagogue, one of the few surviving Renaissance synagogues in Poland, was in a state of serious disrepair when its conservation began in 2009. With support from World Monuments Fund's Jewish Heritage Program, the Foundation for the Preservation of Jewish Heritage in Poland restored the site and transformed it into a cultural center and the starting point for a regional tourist trail, the Chassidic Route. Zamość also serves as a venue for local events and activities, uniting the synagogue with the local community. Learn more at [www.wmf.org/zamosc](http://www.wmf.org/zamosc)
